

ENVIRONMENTAL STATEMENT

DCR Systems Limited is committed to preventing pollution and complying with all relevant environmental legislation, regulations, and other environmental requirements.

We will regularly evaluate the environmental impact of our activities, products, and services and take action to continually improve our environmental performance.

It is our policy to:

- Minimise the use of energy, water and natural resources
- Minimise waste through prevention, reuse and recycling where possible
- Dispose of waste safely and legally
- Avoid the use of hazardous materials where practical
- Work with environmentally responsible suppliers

R 8 2

• Prevent environmental damage and minimise nuisance factors such as noise and air pollution.

We will define environmental objectives, targets, and actions for improvement related to this policy and our significant environmental aspects. We will regularly evaluate progress.

We are committed to providing relevant environmental training, promoting environmental awareness to technicians and suppliers, and communicating our ecological performance where appropriate.

We will implement processes to prevent environmental non-conformities and ensure we are prepared to deal with potential environmental emergencies.

This policy will be regularly reviewed and updated to take account of organisational priorities and changes, environmental legislation, and best practices.
